

**FEATURES**

Recessed Stainless Steel Liner Dispenser for use in conjunction with all JD MacDonald change stations. Holds approximately 60 LCR liners. Ideal for use with heavy duty, full stainless steel changers (BCP-SS, BCV-SS and ECP-SS) that do not have built in liner dispensers. Unit is complimentary for high use, low maintenance washrooms, where a boost to the standard dual liner dispenser capacity (built into JD MacDonald polyethylene change stations) is required.

**INSTALLATION DETAILS**

Simple to install with hardware to be supplied by others. Install recessed into wall separately from change station.

**MATERIAL**

Full body shall be 304 grade, 16 gauge stainless steel with a brushed finish.

**ROUGH WALL OPENING (RWO)**

213mm (W) x 419mm (H) x 102mm (D).

**OPTIONS**

- Box of 500 liners (Part No. LCR).

**WARRANTY**

JD MacDonald Liner Dispensers are guaranteed against defective materials and faulty workmanship for 12 months from date of purchase, subject to being installed and maintained in accordance with the Installation and Operating Instructions supplied with the unit. A \$10 million product liability insurance policy is maintained on all liner dispensers.

**Recessed Stainless Steel Liner Dispenser** shall be Model No. SSLD-R as supplied by JD MacDonald.
