

SPECIFICATION

Single Clothes Hook shall be fabricated of alloy 18-8 stainless steel, grade 304. Hook shall be formed from one piece of 11 gauge satin stainless steel and shall project 32mm from mounting surface with a 13mm hook tip. A 32mm square stainless steel safety dress plate with radiused corners shall be aligned and welded to hook tip. Two (2) 6mm diameter holes shall be provided to accommodate mounting screws. All exposed surfaces shall be No. 4 satin finish.

INSTALLATION

Unit is surfaced mounted to wall or partition using No. 10 self tapping screws (supplied by others) through two (2) mounting holes provided. For mounting height standards refer to current Building Code of Australia for able bodied and/or disabled use. Such devices shall not be less than 500mm out from any internal corner except where associated with shower recesses when they shall be placed on the return wall within reach of a person seated on the folding seat.

Single Clothes Hook shall be Model No. 8425 as supplied by JD MacDonald.

 All JD MacDonald disabled compliant products when installed must be in accordance with AS1428 to ensure the specified product is complying with all washroom specification requirements.
