

### SPECIFICATION

Counter Top Paper Towel Dispenser & Waste Bin for counter-top mounting shall hold and dispense one (1) package of C-fold paper towels and shall receive 28 litres solid waste. Top frame shall be fabricated of one piece alloy 18-8 stainless steel, grade 304, No. 22 gauge. All exposed surfaces shall have No. 4 satin finish and shall be protected during shipment with a PVC film easily removable after installation. Adjustable stainless steel mounting straps shall accommodate counter thickness from 13mm to 102mm thick. Waste bin shall be welded construction fabricated of corrosion protected steel No. 22 gauge. Flap doors shall have rolled edges and shall be mounted on heavy duty spring loaded hinges, and shall have the international graphic waste symbol affixed on it. Waste bin shall be provided loose for placement on cabinet floor or shelf directly underneath waste flap doors. Downward finger pressure shall open pivoting waste door for disposal of used paper towels and waste door shall return to closed position when pressure is removed. Towel compartment shall be spot welded to top frame and be corrosion protected steel No. 22 gauge. Spring actuated towel carrier mechanism shall maintain constant dispensing pressure.

### INSTALLATION

Position unit into appropriate counter top cut out (supplied by others). Installer to bend mounting straps upward to suit counter top thickness. Secure mounting straps to underside of counter top with mounting screws (supplied by others). Counter Top Opening required is 318mm x 343mm.

### OPERATION

Waste is inserted through swinging door by downward pressure. When pressure is released the waste door returns to its closed position. Paper towels are dispensed manually through flap doors. A spring actuated towel carrier mechanism maintains constant towel dispensing pressure. Dispenser is refilled by pushing paper towels downward through flap doors. Waste can is manually emptied on a cycle determined by maintenance needs.

**Counter Top Paper Towel Dispenser & Waste Bin shall be Model No. 1001 as supplied by JD MacDonald.**
