Double
Toilet Roll Holder with Shelf
Model No. 0697-GAL

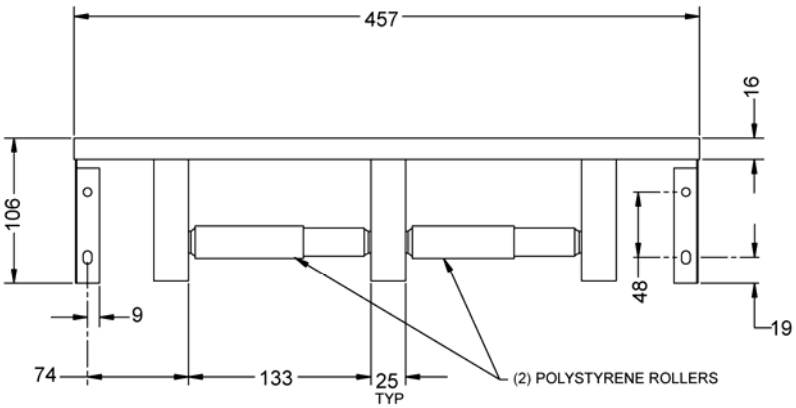
www.jdmacdonald.com.au freecall 1800 023 441 Date: November 2009

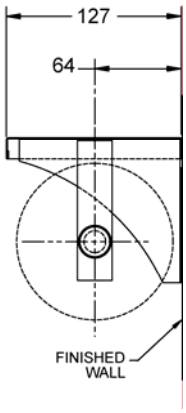
SPECIFICATION
Double Toilet Roll Holder with Shelf shall hold two (2) 127mm diameter rolls of 1500 sheets or standard tissue rolls and shall have 127mm x 457mm shelf with 16mm hemmed lip on all four (4) sides. All metal parts shall be fabricated of alloy 18-8 stainless steel, grade 304, 18 gauge; all exposed surfaces shall have No. 4 satin finish and shall be protected during shipping by a PVC film easily removed after installation. Structural assembly of shelf and brackets/roll supports shall be of welded construction. Rollers shall be fabricated of high impact-resistant polystyrene molded plastic and two (2) shall be supplied.

INSTALLATION
Unit is surface mounted on wall or partition using No. 10 self tapping screws (supplied by others) through holes provided in support brackets. For mounting height standards refer to current Building Code of Australia for able bodied and/or disabled use.

OPERATION
Toilet rolls are self-feeding on user-pull demand until supply is depleted. Rollers are spring loaded and are free-rolling.

Double Toilet Roll Holder with Shelf shall be Model No. 0697-GAL as supplied by JD MacDonald.





JD MacDonald reserves the right to, and does from time to time, make changes and improvements in design and dimensions. The photographs and line drawings of the products in this flyer are representational only. All dimensions are in millimetres.
