

SPECIFICATION

Shower Curtain Hooks shall be fabricated of alloy 18-8 stainless steel, grade 304, 2mm diameter solid formed wire. Hook shall have formed retainer to hold free end closed and shall accommodate 25mm to 32mm diameter shower curtain rods.

INSTALLATION

Open hook and slip over shower curtain rod (specified separately). Hang shower curtain (specified separately) on small hook. Close hook free end into retainer on hook end.

OPERATION

Grasping hook in both hands, use the thumb of one hand to push the hanger hook in and to one side. Release thumb pressure allowing top hook to extend over the bottom hook. Slip the hook over the shower curtain rod (specified separately). After hanging shower curtain (specified separately) use thumb pressure to replace the free leg of the hook onto the bottom hook.

Shower Curtain Hooks shall be Model No. 1200-SHU as supplied by JD MacDonald.

 All JD MacDonald disabled compliant products when installed must be in accordance with AS1428 to ensure the specified product is complying with all washroom specification requirements.
