

SPECIFICATION

Shower Curtain Rods shall be fabricated of grade 304 stainless steel with a satin finish and are available with fixed end flanges or loose end flanges. There are various straight and 'L' shape lengths available. L-shape rods shall have 600mm ceiling support. JDMROD-L1200-M with loose end flanges can be cut to size on site.

OPTIONS

JD MacDonald curtains to suit rod lengths are available in Box Stripe Polyester or Nylon Taffeta. (See JDMCURT specification sheet). Satin Stainless Steel hooks are also available (see 1200-SHU specification sheet).
